## Predictions.

Rain from November 10th to December 15th—mud 18 inches deep till 19th; then dry, cold weather until Dec. 27. Money plenty from now on; everyone happy from Christmas until January 1st, and general prosperity hereafter. Santa Claus will employ 999 deputies to distribute Christmas gifts. If any worthy person is neglected it will be on account of some inexperienced deputy, as there are enough presents at BURNS' store to supply all. Everybody wanted to come in and see, and hear music. Singing and playing drums, tops, horns, violins—everything to make a good time. Five cents well spent will please some little tot. You can please in proportion by spending more liberally, as Christmas only comes once a year, and it won't hurt to empty your pocketbook and give it a rest; everything needs rest. Just imagine your best girl looking sad on Xmas day, when other girls are showing their presents. Say, Jim, don't forget to buy your wife and the little ones a nice lamp, some pretty cups and saucers, a cake plate, knives and forks, gloves, dress pattern; get her a nice bill of groceries and see what a nice dinner she will get you, and maybe a nice pair of shoes or a hat, a shirt, tie and collars, or collar and cuff box, tie box or smoking set or a muffler, and when the snow comes you will be fixed to go sleigh riding without catching cold. We want all kinds of country produce, such as chickens, eggs, butter, turkey, potatoes, onions, geese, ducks, etc., etc., in exchange for groceries, queensware, glassware, china, tinware, dry goods, shoes, hats, shirts, gloves, and everything else to be found in a first-class general merchandise store.
